2023 beMatrix
beRewarded
LOYALTY PROGRAM

We are excited to announce our 2023 **beMatrix Loyalty Program/Discount program**, **beRewarded!** beRewarded is a program that allows our partners to get more of the great products they love for less. Here's how it works!

Your 2022 net annual spend on beMatrix products is calculated at the end of the year and your corresponding discount level is then applied to all purchases made in 2023. We've provided a useful chart below that explains the discount levels:

2022 Net Calendar Year Spend	2023 Discount
$9,999.99 or less	0%
$10,000 to $49,999	10%
$50,000 to $74,999	18%
$75,000 to $99,999	23%
$100,000+	25%

Discount levels reset on **January 1st** each year. The discount can be applied to beMatrix products including frames, connectors, LEDskin, etc. (unless otherwise noted). Discounts are applied to standard lead time orders as well as rush orders. Want to increase your discount level mid-year? No problem! If your cumulative 2023 net spend reaches the next discount level before the end of the year, you begin receiving the increased discount immediately!

By purchasing more beMatrix products, you will be rewarded with larger and larger discounts. This means that you receive all the benefits of the beMatrix system while also saving money on future purchases!

Ready to make a purchase or have questions about the program? Give your Account Manager a call, or send us your order request to **CustomerService@beMatrix.com**

*Discount level is evaluated based on yearly spend (January 1st to December 31st) of beMatrix parts, products, and all other applicable purchases. Rewards apply to the following calendar year. Customers are eligible to be promoted to the next discount level at any point so long as they meet or exceed the needed threshold. Discounts are non-transferable and are applicable only to the recipient company and/or organization. For inquiries about the program and information on eligible products, please contact help@bematrix.com for more details.
